*Dragonsown: Surge*, a young adult  
fantasy novel by Erika Leigh Agnew.

## *Dragonsown: Surge* by Erika Leigh Agnew

A wyvern guardian.  
A lord's responsibilities.  
Stifling fancy new clothes.

If Kael of Renwick thought boyhood was full of troubles, becoming the anointed Duke is downright dangerous. With his father imprisoned for regicide in the infamous Hell's Bind, Kael must unite with his twin brother to survive.

The royal family's tenuous grip on the country is slipping as treacherous forces come into play. The mysterious Keloran order schemes to subvert the crown, pressuring Kael for his loyalty—and considerable coin—while wyverns prowl Renwick lands with unknown intent. Worse still, he knows he must answer for exposing the secrets of the Dragonsown and endangering their very existence. His own included.

With his family's future at stake and his allegiance tugged at every turn, Kael must face the grim reality: Rykan politics demand the complete and utter obliteration of every dragon.

Boyhood troubles were nothing compared to this.

*Dragonsown: Surge* is the third book in this series. *Dragonsown: Surface* and the prequel, *The Besieged Unicorn Army of Ryk*, are available on Amazon.
